

OMKAR DIXIT

Aspiring Business Analyst | Requirements Documentation, Process Analysis & Data Insights

Nanded, Maharashtra, India • omkardixit2@gmail.com • +91 70301 28869 • [\[linkedin.com/in/omkardixit2406\]](https://www.linkedin.com/in/omkardixit2406) • [\[omkardixit24.github.io\]](https://github.com/omkardixit24)

PROFESSIONAL SUMMARY

Detail-oriented professional with 7+ years of experience translating stakeholder needs into clear documentation, standardized processes, and delivery trackers across content operations and client consulting. Strong foundation in requirements gathering, process mapping, Excel-based analysis, and cross-functional coordination. Actively building BA capabilities through SQL, Agile/Scrum practices, and four end-to-end applied case studies that demonstrate requirements elicitation, prioritization frameworks, PRD authoring, and as-is/to-be process analysis. Targeting Junior Business Analyst, Operations Analyst, and Process Analyst roles.

PORTFOLIO — APPLIED BUSINESS ANALYSIS CASE STUDIES

Four self-directed projects built end-to-end to demonstrate core BA skills. Full write-ups available at [GitHub](#).

1. Competitive Product Teardown & Feature Prioritization — [Blinkit](#)

- Reverse-engineered core user flows and mapped jobs-to-be-done; performed competitive gap analysis against 2–3 peers.
- Applied RICE and MoSCoW prioritization; produced a documented feature roadmap with explicit trade-off rationale and success criteria.

2. 0-to-1 Product Requirements Document — [Clacker-Tracker \(Hardware + BLE Companion App\)](#)

- Authored a full PRD covering three interdependent layers (firmware, hardware, BLE mobile app) for a connected product built from scratch.
- Defined functional & non-functional requirements, edge cases, acceptance criteria, and cross-layer dependencies ready for engineering hand-off.

3. Persona-Driven Product Strategy & Roadmap — [EdTech Math Platform \(Digito\)](#)

- Developed user personas and learning-science-aligned feature requirements for a K–12 math platform; conducted competitive landscape analysis.
- Delivered a phased roadmap with prioritized features, trade-off documentation, and equity-focused success KPIs.

4. Business Process Analysis & Improvement — [Content Operations Pipeline](#)

- Mapped as-is workflows across a multi-stakeholder content pipeline; identified bottlenecks, hand-off failures, and root causes.
- Designed to-be process flows and framed efficiency recommendations as clear operational and tooling requirements.

CORE SKILLS

Requirements & Documentation: Requirements elicitation, BRD/PRD writing, user stories & acceptance criteria, process mapping (as-is/to-be), gap analysis, documentation systems

Analysis & Prioritization: Root cause analysis, bottleneck identification, MoSCoW & RICE prioritization, backlog structuring, stakeholder alignment, competitive analysis

Delivery & Methods: Agile/Scrum fundamentals, SDLC awareness, sprint & backlog planning concepts, delivery tracking, cross-functional coordination

Data & Tools: SQL (joins, aggregation, filtering), Advanced Excel (XLOOKUP, PivotTables, SUMIFS, INDEX/MATCH, VLOOKUP), Google Sheets, process documentation

PROFESSIONAL EXPERIENCE

Independent Professional Development — Business Analysis Focus

Sep 2024 – Present

Self-Directed Skill-Building Program | Remote

- Completed structured learning in Agile/Scrum practices, SQL for analysis, BRD/PRD authoring, prioritization frameworks (MoSCoW, RICE), and process mapping techniques.
- Designed and executed four applied case studies (see Portfolio) covering requirements documentation, competitive analysis, 0-to-1 product PRDs, and end-to-end process improvement.
- Built practical readiness for Junior Business Analyst and Operations Analyst roles through hands-on documentation, analysis, and prioritization work.

Freelance Operations & Process Consultant

Mar 2024 – Sep 2024

Independent Consultant | Remote

- Gathered stakeholder requirements and converted them into structured documentation and process flows for concurrent client accounts in content and operations domains.
- Designed QA checkpoints and Excel-based reporting trackers that identified gaps early, reduced rework, and improved delivery hand-offs.
- Documented current processes and recommended practical improvements aligned with client timelines and operational constraints.

Digital Marketing & Operations Associate

Sep 2023 – Mar 2024

24 Media Films Pvt. Ltd. | Pune

- Owned client onboarding requirements gathering and process documentation; created standardized hand-off templates that improved consistency across teams.
- Built delivery trackers and operational dashboards; analyzed performance data with PivotTables, VLOOKUP, and SUMIFS to increase reporting accuracy and highlight bottlenecks.
- Coordinated with stakeholders to clarify scope, document expectations, and support smoother project execution.

Freelance Content & Digital Strategist

Jun 2018 – Aug 2023

Independent Consultant | Remote

- Managed multi-year client accounts end-to-end under minimal oversight; translated business goals into actionable plans and consistent delivery.
- Built version-controlled documentation systems and knowledge bases that improved consistency, reduced collaborator onboarding time, and enabled reliable knowledge transfer.

EDUCATION

B.Sc. Computer Science

2018

MGM's College of Computer Science & IT, SRTM University, Nanded

HSC (Science), 2014 • SSC, 2012 — Nanded
