PROFESSIONAL SUMMARY

Business-analysis candidate with a B.Sc. in Computer Science and 4+ years across client delivery, content strategy, and operations. Experienced in clarifying stakeholder needs, documenting workflows, standardizing handoffs, and using structured analysis to identify process gaps. Portfolio demonstrates requirements and product-analysis work, including a 0-to-1 PRD, process mapping, and prioritization. Targeting IT Business Analyst and Junior Business Analyst roles focused on requirements and process improvement.

CORE SKILLS

Requirements: Requirements elicitation • Scope clarification • BRD/PRD • User stories & acceptance criteria • Functional requirements • Gap analysis

Process & delivery: As-is/to-be mapping • Workflow documentation • Root-cause analysis (5 Whys) • Process improvement • Stakeholder coordination • Agile/Scrum

Tools & data: Excel (PivotTables, XLOOKUP, INDEX/MATCH, SUMIFS) • SQL (joins, filtering, aggregation) • Google Sheets • Reporting dashboards

RELEVANT EXPERIENCE

Business Analyst | Virtual Internship, Remote | *Aug 2026 – Sep 2026*

- Developed a business analysis plan for a fictional e-commerce company, defining project scope, stakeholders, BA activities, and communication plans.
- Designed stakeholder elicitation and collaboration approaches for a hypothetical healthcare CRM implementation, including conflict management strategies.
- Created a requirements life cycle management plan for a food delivery app, covering traceability, prioritization, maintenance, and approvals.
- Conducted SWOT analysis and developed a Balanced Scorecard for a fictional fintech startup to support strategic planning and performance measurement.

Freelance Operations & Process Consultant | Independent, Remote | *Mar 2024 – Sep 2024*

- Clarified client requests and translated ambiguous needs into process flows, checklists, and handoff documentation to reduce repeated clarification.
- Built Excel trackers and QA checkpoints to make delivery gaps visible earlier and support more consistent execution.
- Mapped current workflows, identified bottlenecks, and recommended prioritized future-state improvements within client constraints.

Digital Marketing & Operations Associate | 24 Media Films Pvt. Ltd., Pune | *Sep 2023 – Mar 2024*

- Standardized client onboarding requirements, reusable documentation, and handoff templates to improve consistency across delivery.
- Created Excel-based delivery trackers and reporting views using PivotTables, XLOOKUP, and SUMIFS to improve visibility into work status and bottlenecks.
- Clarified scope and documented stakeholder expectations to support smoother project execution.

Freelance Content & Digital Strategist | Independent, Remote | *Jun 2018 – Aug 2021*

- Managed client accounts from business goal through delivery planning, prioritization, and execution with limited supervision.
- Created reusable documentation and knowledge bases to support onboarding, repeatable work, and knowledge transfer.

BUSINESS ANALYSIS PORTFOLIO

Selected case studies | omkardixit24.github.io/Projects.html

- **Offline-First Workflow Simulator** - modelled digital transit and baggage workflows for low-connectivity environments; designed edge-computing data persistence; implemented MIS dashboards with CSV export for operational reconciliation.
- **Stakeholder Intake Portal** - automated requirements elicitation using a progressive 5 Whys framework; integrated RICE scoring to filter requests; dynamically generated Agile User Stories and BDD acceptance criteria to optimize engineering capacity.
- **API Payload Mapper** - translated deeply nested JSON and CSV API payloads into readable data dictionaries for business stakeholders; automated technical data mapping; integrated one-click Jira Markdown export for Agile alignment.
- **Feature Prioritization Matrix -** structured objective product roadmap planning via a visual value versus effort matrix; quantified stakeholder requests to protect development resources; implemented session persistence and automated Agile roadmap generation.

EDUCATION

B.Sc. Computer Science — MGM's College of Computer Science & IT, SRTM University, Nanded | 2018

HSC (Science), 2014 • SSC, 2012
