PROFESSIONAL EXPERIENCE

Freelance Scriptwriter & Operations Coordinator

Mar 2024 – Present

Remote

- Managed end-to-end Project and Product management lifecycles for high-impact audio-visual corporate media delivery, driving resource planning and milestone tracking.
- Directed structured media requirements and scope management for prominent tier-1 end-clients including EFKON Strabag / EFKON India (intelligent transportation infrastructure leaders) and Ultra Corpotech Pune (a premier global engineering & energy solutions enterprise).
- Synthesized unstructured technical briefs and product operational logs into organized master data tables, reporting pipelines, and structured execution timelines.
- Maintained multi-stakeholder delivery trackers, leveraging spreadsheet data validation and rigorous process metrics to guarantee absolute deadline compliance.

Digital Marketing Specialist (Operations & Coordination)

Sep 2023 – Mar 2024

24 Media Films Pvt. Ltd. | Pune, India

- Supervised complex cross-functional product operations, onboarding tracks, and high-stakes media coordination across creative and corporate teams.
- Orchestrated the operational media delivery framework for prestigious client accounts, notably anchoring the corporate audio-visual presentation production for ARAI (Automotive Research Association of India) at their flagship international summit, SIAT 2024.
- Coordinated dedicated media and video asset workflows for Orbital Electromech Engineering Projects Pvt. Ltd. (a premier pan-India EPC/MEP industrial engineering company).
- Maintained master operational records and built interactive tracking dashboards using Microsoft Excel, implementing strict data management and MIS reporting structures to provide clear performance metrics.
- Supported high-caliber project coordination and operational delivery during a milestone period, contributing to the organizational standard that earned 24 Media Films the prestigious Rhode Island 2023 Go Global Award in Creative Industries.

Senior Content Manager (Freelance)

Jun 2018 – Aug 2023

Remote

- Owned the strategic planning, tracking, and end-to-end delivery of long-term asset streams independently over a continuous five-year period.
- Enforced strict documentation standards, organized file systems, and version control structures across high-volume operational workloads.

- Demonstrated absolute accountability, timeline discipline, and independent management ownership in a high-volume remote environment.

EXECUTION STRENGTHS

Project Reporting & MIS: Proven accuracy in tracking analytical logs, maintaining corporate metrics data, and constructing high-visibility dashboard tracking frameworks using Microsoft Excel.

Product & Lifecycle Control: Experienced in scope handling, monitoring asset development pipelines, and turning raw project resource inputs into highly structured product execution plans.

Stakeholder Management: Skilled at acting as an operational bridge between technical teams and high-profile corporate clients to manage project scopes and ensure strategic alignment.

Process & Scope Discipline: Highly comfortable executing process-driven, structured data workflows with strict quality requirements and tight delivery SLAs.

EDUCATION & CREDENTIALS

Bachelor of Science – Computer Science <i>MGMs College of Computer Science & IT, Nanded (SRTM University)</i>	2018
Higher Secondary Certificate (HSC) – Science <i>NES Science College, Nanded</i>	2014
